

## Press Release

November 2009

### Stella Marine Expands to Gold Coast

Stella Marine Group is proud to announce their recent expansion to new premises at the Gold Coast City Marina. Stella Marine is a well established marine engineering company with an enviable reputation for providing a complete marine service to a large number of satisfied clients over many years. Specialising in refit and systems maintenance and repair, Stella Marine can cover all of your vessels engineering needs.

Stella Systems is the marine equipment sales and marketing division of Stella Marine Group. They offer a range of quality equipment and maintenance products for both marine and industrial applications. "We don't just sell the products we back them up with a complete supply, installation and maintenance service."
